

It's simple really...

We know your business better!

# TRIBNET USER'S GROUP

## BENEFITS OF YOUR MEMBERSHIP

Tribute and TrulinX software users have the opportunity to become a member of our networking and users' group.

### Top 6 Reasons to Join!

- 1. Send a delegate to the annual conference!** Annual dues include one delegate for the annual user's group conference held in June every year.
- 2. Access to TribNet conference materials.** Whether you are able to attend the conference or not, you will have full access to the conference materials, including breakout session training guides.
- 3. Serve on our review board!** You are eligible for election to the Program Review Board (Tribute) or Program Priority Assignment Board ("PPAB") (TrulinX). Board members review and prioritize the current open project list, which helps determine the direction for future Tribute and TrulinX development.
- 4. Networking with other TribNet members** for tips and best practices for using the Tribute and TrulinX systems and other industry-related subjects.
- 5. Discounted online training courses** -- When you pay for three online courses, you will get a fourth one free! (Regularly scheduled classes only, effective from the date your membership check is received through December 31 of the membership year).
- 6. GET help and GIVE help!** Becoming a member of TribNet also gives you membership for our **Basecamp** online networking group. This is a great way to connect with members, ask questions relating to software, give help, discuss general business concerns, etc.

One of the better decisions I've made in my 40 years of running Heatwave is attaching my company to one that respects the opinion of its customers and gives them a venue to not only drive continuing improvement in its product, but the opportunity to share best practices with one's peers.

*Roland - Heatwave Supply*

## Membership Dues

**\$600 annually - paid on or before March 31**  
**\$650 if paid on or after April 1**

**TribNet Membership Dues include one delegate for annual users' group conference.**
