Virtual Conference

Connect | Engage | Learn | Master

TribNet

One of the best values in business today is the training you receive at TribNet User's Group Conference. You and your team will learn about recently implemented features and changes made due to customer feedback and the program review process, as well as other important features, all of which will allow you to realize the full benefits of your ERP solution and improve your business practices. In addition, you will have the opportunity to network with other Tribute and TrulinX users through various community boards and networking rooms. Attendees will also be able to interact with our valued partner exhibitors and learn what's new with products that integrate and enhance your ERP solution.

KEYNOTE SPEAKER

Frank Hurtte

River Heights Consulting

Accelerating out of the Pandemic

Join industry thought leader and distribution veteran Frank Hurtte of River Heights Consulting as he explores the things distributors must do to position as the Pandemic comes to an end and the much awaited "new normal" becomes a reality. Rather than talk distribution, Hurtte will outline the changes customers are planning, how they impact distribution, and what a distributor might do to be in better position to provide value.

The experts agree on a several things: The latter-half of 2021 will be a strong growth period for our industry. Key workers will never fully return to regular commute; flex-work is here to stay. Our customers will push for profitability. And the new normal will not resemble 2019. What you will hear is designed to give knowledge-based distributors a valuable head-start in positioning for growth.

One more thing, Frank and his River Heights Consulting team is noted for providing "take-home" resources along with his presentations. Be prepared to get not only a talk but a treasure trove of goodies to make your company **Accelerate out of the Pandemic.**
