

ACCURATE INDUSTRIAL

Celebrating 25 Years of Excellence

Since 1995, Accurate Industrial has been offering customers our extensive industry and application knowledge; while providing high quality conveyor belting, conveyor components, and customer service.

Congratulations to our customer, Accurate Industrial, for celebrating 25 years in business.

Accurate Industrial is a privately held company established on June, 5th, 1995. They promote a culture of hard work, high integrity and fun. They are an industry leader, supplying manufacturing, distribution and OEM's with a large variety of conveyor belting, conveyor components, custom conveyors, and more. They have fabrication centers to service their customer's needs from a large inventory of over 300+ lightweight and heavyweight conveyor belt specifications, together with a wide variety of specialty fabrications. Accurate Industrial specializes in fabric belting and are also one of the largest re-sellers in N. America of all styles of modular plastic belting and timing belts.

Leadership & Commitment

The leadership at Accurate Industrial is built on innovation, technical expertise, quality, service, and vast knowledge of the markets they serve. They have a strong commitment to their employees, customers, and suppliers and work to maintain the best possible experience through collaboration, trust, hard work, and always striving to do the right thing.

Managing Business on TrulinX

Accurate Industrial has been managing their business on TrulinX since 2016. The implementation of TrulinX has changed the way they do business. The TrulinX ERP system, and the support behind the software, has improved their customer service, inventory management, and overall reporting, which in turn has made their company more efficient in all aspects. The team at Tribute, Inc. is proud to be a part of Accurate Industrial's success.
